Montauk Yacht Club

Posted on June 5, 2014 by redcarpetevents

Located on the waterfront in Long Island, the Montauk Yacht Club is the perfect venue for an event of any type. They have the ideal environment for productive conferences and meetings and a charming location for weddings. We had the opportunity to plan a wedding here a couple years back and highly recommend the venue for future clients. This location provides a rich history and they can accommodate groups of 5 to 200 attendees. They have both indoor and outdoor spaces available for rental; the indoor ballroom can be used for meetings or weddings and the outdoor marina can be fitted with tenting or can be used without a tent to take in the scenery. If you would like to plan an event at this venue contact us for your customized proposal.
